WHY ERGON DESK

HEALTHIER

The center of the Ergon Desk is the user, surrounded by the desktop 180°, which adapts ergonomically to its work posture.

HIGHER PERSONALISATION

With its integrated App, Ergon Desk learns from the user working habits and recommends posture changes from sitting to standing positions.

1

Benefits for the user

1. TAKES CARE OF YOUR HEALTH
2. IMPROVES YOUR CONCENTRATION

2

Benefits for the company

1. INCREASES TALENT RETENTION
2. REDUCES ABSENTEEISM

THE PROBLEM

SEDENTARISM

“Modern life habits that imply sitting for long hours and doing little physical activity”

7,7h

Time spent per day

Time (in average) that we spend sitting, between transport, work and leisure.

35

Associated diseases

Chronic diseases associated to sedentarism according to experts studies. (*1)

458€

Annual cost per individual

Average cost per employee of the productivity loss associated to sedentarism. (*2)

THE SOLUTION

MOVEMENT

According to experts, sit-stand desks are the best solution for keeping ourselves moving most part of the day. (*1)

*1 “Get Up!” - James A. Levine Doctor de la Mayo Clinic, juststand.org

*2 “The economic cost of physical inactivity in Europe” ISCA /Cebr report June 2015

THE ERGON DESK

1. High quality desktop

It comes in two versions: high quality melamine and high resistance phenolic compact board (only for visionare).

2. Ergo-cushion

Forearms rest curve design, with foam cushion, for an ergonomic posture of the upper body on the desktop.

3. Perimetral structure

Customizable with vinilic designs, it accomodates two drawers as an extra.

4. Actuated legs

Three pieces high quality adjustable legs, guaranteeing great stability. They house an electric motor that regulates the desktop height from 26 to 49 inches.

5. Connectivity hub

Includes three power sockets, ethernet and USB power sockets.

6. Bluetooth control

For manual and automatic controls of the desktop height, with Bluetooth connectivity to the mobile App.

Height-adjustable Original workstation
63"x35" workstation. Melamine finish
Soft White. Light Grey ergo-cushion
Extras: Prisma hub. CPU bracket

OUR SMART APP

Ergon Desk integrates a **mobile App** that helps the user standing at least 25% of the working hours, burning 300 extra calories per day, while improving life quality.

PERSONAL RECOMMENDATIONS

TODAY (PLAN) & CALENDAR

Monday, Mar 8, 2016
TODAY

1
Introduce
personal info

Our App uses the height, weight and age data of the user in order to personalize sitting and standing heights for him.

2
Follow recom-
mendations

Based on the user habits, the Ergon Desk smart technology recommends posture changes through push notifications.

3
Check past
days statistics

In addition, our App stores the last five days statistics so the user can check how far he is from achieving his goals.
